

Cast Panel Pack

Cast Panel Pack is a complete lighting solution for vlogging or any other on-camera situation. Cast Panels feature built-in color temperature presets that make adjustments painless. Separate control of warm and cool LEDs allows fine tuning to whatever color temperature your production needs. An included removable filter widens and softens light output and because the Cast Panels are battery-operated, you can set the lights anywhere with optional battery packs (sold separately). Cast Panel Pack comes with 2 light fixtures (w/ barn doors), 2 tripods, 2 carry bags, and 2 external power supplies.
